this book brings a range of theoretical perspectives to bear on the relationship

between education policy and the state in latin america it examines a range of contemporary education policies while also placing them into historical dialectical and decolonial perspective

focuses on the history and citizenship of towns and cities based on fieldwork in west mexican towns near guadalajara stack observes that people talked and wrote of their towns history and not just of mexico s he explores the idea of the past and asks why it s valued by so many people provided by publisher

the book examines how the understanding of the global and the local has changed in response to ongoing reconfigurations between the state and society it also emphasizes the importance of schooling as an institution both within and across national contexts a holistic approach that helps us move beyond a conglomeration of isolated local events to pay attention to global trends in this regard the book underscores the richness of contextual factors that may create opportunities for innovation or may serve as constraints in the implementation process as a whole the book brings new questions about globalization and the imperatives of education policy and implementation

this book offers readers worldwide the first edition of juan isidro fajardo s   
□ndice de todas las comedias impresas hasta el a□o de 1716 preserved in a single surviving manuscript in spain s national library indispensable to scholars this meticulously annotated critical edition of an early 18th century catalogue documents some 2 200 plays written during spain s golden age by such worldclass playwrights as calder□n lope de vega tirso moreto rojas zorrilla and many others in this landmark edition fajardo s manuscript reference work is transformed into an accessible and enduring scholarly resource the editors research has supplied 1 651 annotations to the play titles listed many of which contain fresh insights into the theatre and culture of seventeenth century spain descriptions are given of early printed plays and of important manuscripts textual differences are discussed as are the sources from which dramas are derived many of the play entries address questions of authorship and dates of

composition while recording too early performances the venues and the theatre companies involved the notes usually conclude by commenting on studies editions and translations relevant to the dramas concerned with its introduction bibliographies and documentation this critical edition is an invaluable medium through which to deepen understanding of the theatre literature and society of early modern spain dedicated to don cruickshank whose death occurred before the project s completion this volume also contains articles which assess his influential career and publications both focussed on the golden age of spanish drama the chapters in this book including the first edition of fajardo s catalogue of spanish 17th century printed plays were originally published as a special issue of the bulletin of spanish studies

presenting the historical socioeconomic political and security conditions experienced by three peasant communities colombian peasants in the neoliberal age provides readers with the most up to date and comprehensive assessment of colombia s peasants currently available nazih f richani examines their adaptive strategies and resistance to subsumption processes and the prospects for the sustainability of their modes of production culture and livelihood in addition he explores each communities level of agency that has allowed them to respond to the encroachments of rentier economy by devising adaptive strategies and building collaborative networks forging new partners at the national regional and global levels these findings are timely given the historic change in colombia s leadership as represented by president gustavo petro a former rebel and a leftist leader and his vice president francia elena marquez an afro colombian woman activist the petro administration offers an exceptional opportunity for radical policy change toward national development particularly towards peasants and agrarian issues the research undertaken in this book holds the potential to enrich political discussions and inform new policies
